What is the Hawaii State Coalition Against Domestic Violence?

The Hawaii State Coalition Against Domestic Violence (HSCADV) is a private, not-for-profit organization formed in 1980. HSCADV is a coalition comprised of domestic violence programs throughout the state of Hawaii which respond to the problem of intimate partner abuse. These programs include shelters, psycho-educational counseling programs that provide service to victims and batterers, and legal service providers. It is the mission of HSCADV to ensure the safety and protection of battered women in intimate relationships by coordinating domestic violence prevention and intervention services, providing training and education and technical assistance, affecting public policy, and establishing coordinated and consistent procedures and actions by the civil and criminal justice systems in Hawaii.

Meet the Trainers

Janelle Oishi joined HSCADV in August 2008 as a Domestic Violence Educator. She has a Masters of Social Work degree from UH Manoa, with a specialization in Mental Health. She worked for 4 years at the Domestic Violence Action Center as a legal advocate, providing legal information, safety planning, case management and crisis counseling to victims of DV in Family Court. She also worked in the Mental Health community. Janelle worked with the Adult Mental Health Division, Case Management and Support Services, in a practicum setting, and was a graduate research assistant to the Mental Health Services, Research Evaluation and Training (MHSRET), where she was program coordinator of the Consumer Assessment Team (CAT)- a research program comprised of a team of consumers of mental health services.
